God's Plan

As many of you know Lauana has had trouble with her voice, since having surgery to have her thyroid removed last summer. In December before we left for Prague, learned it was a growth on the vocal cord. When we returned had a check up with the ENT specialist and learned the growth had grown and now had a cyst on top of the growth. Surgery was scheduled for January 27th.

God's Sustaining Hand

Thank you for praying, even when you do not know what is happening with your missionaries. God enabled the Doctors to remove the growth, the cyst had broken itself between the Doctor's visit and the surgery and all went well. She has been on voice rest since surgery but will return to see the Specialist on February 6th. We praise the Lord that she does have a voice and praise God for His answer to prayer.

God's Enablement

While preparing for the surgery, and reading her Bible, Lauana was challenged to look at all the times our Lord mentions the five senses in Scripture. And then how our Lord describes Himself with those same attributes for us to realize His great care for us. She came to realize if God took her voice, He had other plans for her.

Take the time with children this week, maybe even your own children and look at how they see things, hear things, touch things, and move. We are such incredible creatures created by an infinite God.

God so loves us and desires that we declare Him to the nations, to the ends of the earth. Begin with one child today. Use the enclosed bookmark to tell a child the Good News of Jesus Christ.

From our heart to yours,

Ephesians 6:6

Not with eyeservice,
as menpleasers;
but as the servants of Christ,
doing the will of God
from the
heart;

The source of your STRENGTH
is His Strength.

The focus of your FAITH
is His faithfulness.

The source of your SECURITY
is His everlasting love.
